

# INFORMATION TECHNOLOGY

## WE SPEAK YOUR LANGUAGE.

MMC provides strategic staffing services through dedicated staffing partnerships and workforce management solutions. Our enterprise approach focuses on uncovering what drives your resource needs so that we can provide the staff, training, support resources and expertise to help you accomplish your business goals.

MMC partners with your organization to provide IT project resources, infrastructure and operations management, project management and H-1B visa services—delivered quickly to match the specific and ongoing technical needs of your organization. We work closely with you to fill contingent and traditional IT positions, freeing you to focus on your core business activities. We also provide work-ready project teams for time-critical technology deployments.

Whether you require highly skilled software engineers, business analysts, network engineers or other IT specialists, our experienced recruiters match your unique IT needs with the right talent. You can count on us to find the right technical experts to help you complete your project on time and on budget.

# IT SERVICES

## Just-in-Time Project Resources

MMC provides work-ready resources with capabilities to support a wide range of IT project requirements including systems architecture and design, development, integration, QA, deployment, training and technical support. With just-in-time delivery of resources, you realize higher productivity and eliminate the need to maintain a costly bench of talent.

## Infrastructure & Operations Management

MMC delivers work-ready resources for ongoing management of key aspects of your IT operations and infrastructure including help desks (Tier I and II), system administration and support, network engineering and provisioning, and IT asset management.

## Project Management

MMC can provide subcontracting services to manage specific project teams or parts of a project team to streamline and simplify project management and reporting.

## H-1B Visa Services

MMC can manage all the unique documentation, reporting and management challenges of using H-1B resources for your IT projects.

## Independent Contractor (IC) Management

Independent contractors can represent a major financial risk to your organization if all federal and state compliance processes are not fulfilled and documented. MMC utilizes sophisticated classification analysis and management tools that exceed IRS requirements in order to reduce the risk and overhead associated with IC compliance at the local, state and federal level.
